## Island of Kauai

KAUAI is the eldest island of the Hawaiian chain and basks in rare tropical beauty. Its craters and cones have worn away and its fertility—resulting in lush foliage and floral growth—has caused it to be named the "Garden Island." Deep colorful canyons, expansive golden beaches, winding rivers—largest in Hawaii—add to its wealth of scenery. It has many important historical points. Lihue is its principal center and locale of its modern airport.
